

SPE AUTOMOTIVE TPO GLOBAL CONFERENCE

OCTOBER 3RD THRU OCTOBER 6TH, 2010

Best Western Sterling Inn • Sterling Heights, MI

CALL FOR PAPERS:

ABSTRACT DEADLINE ~ APRIL 26TH, 2010
COMPLETED PAPERS ~ SEPTEMBER 1ST, 2010

Be part of the SPE Automotive Global Convergence. This premier conference draws some of the world's most knowledgeable decision makers and industry experts who share their perspective and groundbreaking developments on one of the world's fastest growing polymers.

TPOs have become an essential part of the automotive industry's quest for versatile, economical, lightweight materials that meet the increasing challenges of this dynamic industry.

This conference attracts over 420 professionals sharing leading edge polymer and application technologies. This year's conference includes several important new sessions: Thermoforming; Automotive TPEs; and Automotive Polypropylene Compounds to provide the most extensive review of these innovative polymers in crafting new and robust global automotive growth for the new decade.

The following sessions are planned. Abstracts must be submitted to these session moderators by April 26, 2010.
